FULL STACK DEVELOPER

I am a software developer designing logical and manageable code to create optimal results. I am skilled at adapting to challenges while creating software quickly. I prioritize organization and collaboration in all the projects where I have manufactured and deployed fully functional web applications. In my past work as a health advocate I created and taught tailored programs to achieve client goals using empathy and strong listening skills. I'm eager to move forward and help your organization achieve its goals.

TECHNICAL & INTERPERSONAL SKILLS

Languages: JavaScript, Python, SQL, TypeScript, HTML, CSS, Mongo, JSON, EJS, DTL

Libraries and Frameworks: React, Node, Django, AWS, Express, Bootstrap, Semantic UI, Materialize, JQuery, Bulma

Databases and other: REST API, JSON API, UX/UI Design, MongoDB, PostgreSQL, NeonTech, User Authentication, OAuth

Utilities: Git, Slack, Zoom, UI, CLI, Visual Studio Code, GitHub

Interpersonal skills: Communication, Collaboration, Attention to Detail, Problem Solving, Efficiency, Time Management, Customer Experience, Empathy

TECHNICAL PROJECTS

[Fit2Go-Pro](#) | JAVASCRIPT | REACT | PYTHON | DJANGO | NEONTECH | OAUTH | BOOTSTRAP | DOTENV | HTML | CSS

Maximize Mental and Physical Strength Capability to Lengthen Quality of Life

- Engineered a mobile based Full-Stack Fitness Application utilizing UX/UI Design principles, User Authentication, saved data, simple navigation and databases for a dynamically built Website.

[Finch-Collector](#) | PYTHON | DJANGO | AWS | POSTGRESQL | MATERIALIZE | HTML | CSS

Collect Various Finch Types to Interact with and Provide a Stimulating Experience

- Manufactured a responsive Full-Stack Collector Application administering uniquely built in features for an interactive and UX/UI Designed Website.

[Dr. Health](#) | JAVASCRIPT | REACT | NODE | EXPRESS | MONGODB | MONGOOSE | EXPRESS-SESSION | DOTENV | HTML | CSS

Recognize Health and Wellness to enhance Individual Success and improve overall Quality of Life

- Directed the production of a Full-Stack Health Application as the Front-End Lead in collaboration with Back-End Engineers to generate a cooperative Website.

[Fit2Go](#) | JAVASCRIPT | EJS | NODE | EXPRESS | MONGODB | MONGOOSE | EXPRESS-SESSION | DOTENV | HTML | CSS

Increase Strength and Flexibility to Sculpt a Physique and Eliminate Pain

- Constructed a functional Full-Stack Fitness Application handling User Authentication, saved data, straightforward navigation and databases for a distinct Website.

[Emoji-Man](#) | JAVASCRIPT | HTML | CSS

Evaluate Logical Calculating, Deductive Reasoning and Innovative Thinking

- Assembled a fully responsive hangman variation game implementing optimal programming practices.

EXPERIENCE

General Assembly, Student

Remote 08/2023 - 03/2024

- Full time immersive student in the Full Stack Development program that included 480+ hours of

professional training over six months. Utilized a hands-on approach to practice user-centered design | Data science | Software Engineering | Data Analyst methods, including technical skills, team collaboration, and client relations.

Uber, Driver

Shrewsbury, MA 07/2023 - current

- Ensured passenger protection and comfort while escorting them to their desired destination.

Empower Energy Solutions, Solar Consultant

Worcester, MA 05/2023 - 07/2023

- Inspired homeowners to use a renewable source of energy and help save the environment.
- Migrated from door to door to consult with homeowners about going solar and saving money.

StretchMed, Stretch Therapist

Newton, MA 05/2021 - 05/2022

- Created and applied therapeutic stretches adhering to clients' specific needs while aiding pain/discomfort.
- Managed therapists with completing time oriented tasks and responsibilities.
- Trusted with handling clientele memberships and cleanliness of the studio.

EDUCATION

General Assembly, Certificate in Software Engineering

Remote, Graduated 03/2024

Full-stack software engineering 420+ hour program focused on product development fundamentals, object-oriented programming, MVC frameworks, data modeling, and team collaboration strategies.

Lincoln Technical Institute, License in Massage Therapy

Somerville, MA, Graduated 03/2021

Massage Therapy 800+ hour program focused on relieving/removing client's pain and discomfort while instilling an overall better health and well being.
